EXCELLENT SERVICE

HIGHEST QUALITY

To My Customers and Friends:

From the seed-grower's point of view the season just past has been a favorable one, particularly on the Pacific Coast where the weather was excellent for harvesting seed. In several European countries the weather has been very changeable and some seeds are scarce and will not be of strong germination by reason of the wet weather at the time of harvest. This applies particularly to Aster and Zinnia Seed and consequently with few exceptions I have secured all my seeds on the Pacific Coast.

If you have not been a customer in the past, I respectfully ask to be favored with your inquiries; a trial order will convince you of the excellence of my stock.

If you have already been a valued client I look with pleasure to your continued confidence, and beg to say that I am now even better equipped than previously to deal efficiently with your orders.

Yours faithfully,

ADRIAN J. SCHOORL

CONDITIONS OF SALE

ORDER EARLY. Send in your orders as soon as possible after receiving catalog to insure prompt delivery, allowing a few days to elapse before seeds are needed should same not be on hand or for any other reason some delay occur. All orders are filled the same day they are received as far as practicable.

ERRORS. We exercise the utmost care in filling orders, striving to do a little more than we offer; yet in the press of business, errors sometimes occur, in which event we wish to be promptly notified of the fact, and we will make such corrections as will be satisfactory. Please keep copies of all your orders for comparison.

TERMS. Customers not having an account with us kindly send cash with order for which they may deduct 5 per cent.

CORRESPONDENCE. I try to give prompt attention to all proper letters of inquiry, etc. I ask, as a favor, that all questions be stated clearly and briefly.

I DO NOT WARRANT in any way, expressed or implied, the contents or the description, quality, productiveness, or any other matter, of any seeds and bulbs sold by me, and I will not be in any way responsible for the crop. If the purchaser does not accept these goods on above terms no sale is made thereof and he must return them at once and money will be refunded. Subject to the above conditions I make this sale at the moderate prices at which I sell my goods.

ASTERS

These Asters are grown to perfection with no trouble from the diseases common to this plant. There has not been any overhead moisture where these were grown from the time the fields are planted to the time the seed is harvested and the climate, together with the work in reselecting, it has been possible to improve these strains almost to perfection. Seed harvested under these conditions is of highest germination and more disease resisting.

Late Beauty Type —Plants about 2 to 3 feet high, of branching habit commencing to bloom in early September and lasting until destroyed by frost. Flowers large, borne on long stout stems, from 18 to 24 inches; this makes them very desirable for cut flowers. Azure Fairy, carmine rose, peach blossom, rose, white beauty and finest mixed.	1/4 oz.	1 oz.	1/4 lb.
Separate Colors.....	\$0.50	\$1.50	\$4.00
Finest Mixed.....	.40	1.20	3.00
Early Beauty Type —This type has all of the characteristics of the Late Beauty type and is valuable for locations where the season is too late to flower the late type before frost, and for early forcing. Carmine rose, lavender, purple, rose, white and finest mixed.			
Separate Colors.....	.75	2.25	6.00
Finest Mixed.....	.60	2.00	5.00
California Giants —These California Giants have the growth and robust habit of the Crego type and the remarkable length of stem that characterizes the Beauty type. True non-lateral, the flowers measure 5 to 6 inches in diameter and stand up well when shipped as cut flowers. Peach blossom, light blue, deep rose and dark purple.			
Separate Colors.....	1.25	3.75	10.00
Extra Early Express or Early Wonder —These are the earliest blooming Asters, commencing to bloom in June. Flowers large and full, of the Comet type. Light blue, dark blue, rose and white.			
Separate Colors.....	.75	2.00	5.00
Queen of the Market —These well known, early flowering Asters are of a branching habit about 18 inches high coming into bloom directly after the early Express and are one of the most useful types for early market purposes. Crimson, dark blue, flesh pink, light blue, rose, scarlet, purple, white and finest mixed.			
Separate Colors.....	.40	1.00	2.50
Finest Mixed.....	.25	.75	2.00

ASTERS—Continued

	¼ oz.	1 oz.	¼ lb.
Improved Victoria, Daybreak Type —These plants grow 2 feet high, erect and of robust habit. Flowers are large, very double, recurved, closely imbricated, making it one of the best for decorative purposes. Delicate rose, fiery scarlet, light blue, purple, violet, purplish scarlet, rosy carmine, rose pink and white.			
Separate Colors.....	\$0.75	\$2.00	\$5.00
Improved Crego —These plants grow very robust and about two feet high. Flowers are large, double and well formed, of the Comet type, making a fine variety for all purposes. Azure blue, crimson, lavender, deep rose, pink, purple, shell pink, white and finest mixed.			
Separate Colors.....	.50	1.50	4.00
Finest Mixed.....	.40	1.20	3.00
Ostrich Feather —I consider these the finest of the Comet or Ostrich Feather class, having long, full, fluffy flowers, like Japanese Chrysanthemums. These are much improved by selection. Crimson, deep rose, shell pink, sky blue, white and finest mixed.			
Separate Colors.....	.50	1.50	4.00
Finest Mixed.....	.40	1.20	3.00
Astermum —Plants about 2 feet high, branching habit. Flowers large, double, well formed, Comet class and a little earlier than Crego's. White, lavender, rose pink and finest mixed.			
Separate Colors.....	.50	1.50	4.00
Finest Mixed.....	.40	1.20	3.00
Eclipse —This variety is to my knowledge not known in the greater part of the United States and the seed is being grown in England. Flowers are large and very double, curled and crested. Blue, rose, salmon bronze, violet, white and mixed.			
Separate Colors.....	.90	2.75	7.00
Finest mixed.....	.75	2.25	6.00
Heart of France —Plants about 2 feet high, branching habit. Flowers medium size.			
Rich Dark Red.....	.75	2.00	5.00
New Fancy Yellow —This is by far the best yellow yet introduced. It is fairly large and fully double.			
New Fancy Yellow.....	.75	2.00	5.00

ASTERS—Continued

	¼ oz.	1 oz.	¼ lb.
The King (Needled Type) —The habit is similar to the popular American Branching, vigorous in growth, long stiff stems. In form the flower is entirely different from any other variety; petals somewhat resemble the quilled varieties, but are much larger and broader, those in the center being curled and incurved, completely covering the crown. In shape and size the bloom is round, full and very large. Blackish blue, crimson, deep flesh, lavender, light pink, rose, shell pink, purplish violet and pure white.			
Separate Colors	\$0.40	\$1.00	\$2.50
Finest Mixed30	.75	2.00

American Branching or Vick's Branching—Late flowering.

This particular type is used very extensively throughout the United States by florists for cut flower purposes. Flowers are large and double and plants grow from 2½ to 3 feet high. Our selected stock of these are the best money can buy. Azure blue, crimson, lavender, peach blossom, Perfection white, purple, deep rose, scarlet, shell pink (Mary Semple); and finest mixed.

GAILLARDIA GRANDIFLORA "DAZZLER"

GAILLARDIA GRANDIFLORA
"Dazzler"

Introduced in 1923

Few flowers rival the Gaillardia for making a gorgeous display in the garden, and this fine new variety is an advance on all others of its class. Originating from Lady Rolleston it produces larger flowers with wider florets, often attaining a diameter of 4 and 5 inches. The color is a bright golden yellow with rich maroon-red centre, the two tints bearing a well balanced and harmonious proportion to each other. The plant is vigorous, throwing up a profusion of long and erect flower stalks, which provide excellent material for cutting and are unsurpassable for table decoration. This novelty comes very nearly true from seed.

EXQUISITE

The flowers of this splendid new Hollyhock are very large, measuring 4 to 5½ inches across, and possess the charming new feature that every petal, both of the circumference and centre, is exquisitely curled and fringed to an extent that immediately arrests the gaze of the beholder. The flower is extremely double and some have fancied to see in it a resemblance to the beautiful double fringed Petunia. Each white margined petal is adorned with a large blotch (suggesting the markings of a Pelargonium), and the range of color at present includes rose, light rose, carmine rose, violet and dark purple, mixed.

The flowering period lasts throughout the summer and there is no doubt that by its rich and varied coloring and striking beautiful form this splendid novelty will succeed in making a place for itself wherever Hollyhocks can be grown.

Giants of California. The Giants of California bear gigantic flowers often five or more inches in diameter, of an astonishing variety of colors. They embrace every conceivable shade of crimson, pink, lavender, yellow, black, pure white, etc. One of the chief points of excellence is the deep throat and diversity of veining in the throat. Many of the flowers have a clear yellow throat, while others have a pure velvety black one, so deep that it seems to show no veining; many are deeply lined and netted on a white, pink or lavender ground. ZINNIAS

BODGER'S GIANT DAHLIA FLOWERED

Not too much can be said about these new creations in Zinnias which are showing the widespread popularity of this type of Zinnias and its remarkable versatility in adapting itself to varying conditions and climates. It has proven to be "A Florist's Money Maker" and we carry a particularly fine strain.

Exquisite, by far the most pleasing of our collection. Truly Dahlia-flowered as regards form and size. Color light rose with center a deep rose.....	¼ oz.	1 oz.	¼ lb.
Old Rose. This is adequately described by its name, as it is of the real Old Rose shade; it is large, and for charm and beauty we consider it ranks next to Exquisite.....	1.75	6.00	18.00
Illumination, similar to Exquisite, but a striking self color of deep rose.....	1.75	6.00	18.00
Golden State, a very rich orange yellow (Cadmium). Yellow in the bud turning to an attractive orange when in full bloom.....	1.75	6.00	18.00
Crimson Monarch, by far the largest and best of the red shades. Flowers often eight inches in diameter. Plants very vigorous. A marvelous production of extraordinary merit.....	1.75	6.00	18.00
Giant Attraction, a distinct shade of brick red (Sectrum red) which carries its color well from the bud, and forms into an immense ball of color when in full bloom.....	1.75	6.00	18.00

ZINNIA—Continued

	¼ oz	1 oz.	¼ lb.
Scarlet Flame , a large beautiful, bright scarlet with a delightful blending of orange throughout the petal. (This is not a bi-color).....	\$1.75	\$6.00	\$18.00
Meteor , a rich glowing deep red (Spinel red) and the darkest of all the red shades. Fine form, with good depth of petal. very large and more floriferous than other reds.....	1.75	6.00	18.00
Oriole . We consider this the most beautiful of its class. It is an immense orange and gold bi-color, changing slightly as it ages, but at all times worthy of the beautiful bird for which it is named.....	1.75	6.00	18.00
Dream , a fine deep lavender, turning to purple (Mallow purple); a new desirable shade in Zinnias.....	1.75	6.00	18.00
Polar Bear , a very large pure white, the best white yet seen in Zinnias. True Dahlia form.....	1.75	6.00	18.00
Canary Bird , a delicate shade of primrose, very large and holds its color well until out of bloom.....	1.75	6.00	18.00
Special Mixture , a well blended mixture containing all the above novelties.....	.75	2.50	7.50
All Colors Mixed50	1.50	4.50
